

Who we are

Anatolia College's Center for Talented Youth (CTY Greece) offers students with high academic skills from all over Greece, Cyprus and the world the opportunity to reach their academic potential through extracurricular programs.

CTY Greece Exams for 2nd – 9th grade students

In order for students to become eligible to participate in the wide range of CTY Greece programs, they must first be assessed through exams.

The tests are paper based and administered in Greek or English.
Online registration through our website: <https://www.cty-greece.gr/en>

NO PREPARATION IS REQUIRED FOR THE TESTS

For more information and sample tests you can visit www.cty-greece.gr/exams

CTY Greece Programs

CTY Greece programs (Online, Weekend or Summer) meet different academic needs, excite, educate and enrich knowledge. With the support of the Center's sponsors, a significant number of summer scholarships are offered.

Some of our fascinating courses:

- Principles of Engineering Design
- The Magic of Mathematical Thinking
- International Relations
- Nanotechnology: Billionths at Work!
- Introduction to Biomedical Sciences
- Probability & Game Theory
- United Nations & Advance Geography: Reshape the World
- CSI@CTY
