## ***The English School*** **Mission Statement**

The English School exists to promote academic excellence through high quality processes of teaching and learning. The school seeks to maximise individual potential by providing rich and engaging educational experiences and challenges, supported by talented and trained staff, in a safe and caring environment and using modern pedagogical techniques and new technologies.

The English School student is an articulate, autonomous, life-long learner who is developing the cognitive skills to think critically and creatively, to evaluate information and to collaborate with staff and other students in order to assess his/her own attainment and progress.

The school is committed to the principle of equal opportunities for all and seeks to uphold the rights of every individual within the school community. It celebrates diversity and its ethos is one of trust, mutual respect and understanding of each other's culture, ethnicity, religion, gender and individual needs.

The English School's main goal is to prepare students to access the highest quality tertiary education and to become global and democratic citizens, empowered to adopt key leadership roles in their adult lives.

The school motto is '*Non sibi sed scholae*' which means that students should be proud to be a member of the school and put the school community and other people before their own needs.

## A brief biography of Canon Newham

Frank Darvall Newham was born in Leicestershire, England on 6th March 1864. He gained a First Class degree in Theology at Cambridge University and later, at the age of 36, came for the first time to Cyprus. In 1901 he was appointed Inspector for Schools for the then Colonial Government and, six years later, he became Chief Inspector, an office whose title subsequently changed to Director of Education.

During his first year on the island, in 1900, he founded a school for boys. Initially there were just 13 boys but that school developed into what is now The English School with 1122 boys and girls. He was Headmaster of the school for 36 years. In 1936 he handed the school over to the Colonial Government, on condition that its essential character should be maintained. He was a generous man who ensured that his school was open to pupils from all the communities and creeds of the island. It was Frank Newham who introduced football and hockey to Cyprus.

He died in Kyrenia on his birthday in 1946 at the age of 82. His legacy, The English School, lives on.
