

Educational Trips 2026–2027

A guide for parents and families

Below is this year's confirmed programme of school trips, organised by term. Every trip has been reviewed and approved by the Headteacher on the recommendation of the Educational Visits Coordinator (EVC).

Dates and costs shown are best current estimates — both are confirmed nearer the time, once travel arrangements are finalised, and families will always receive a formal letter with final details before any commitment is required. Questions about any trip can be directed to each trip leader, or to Ms Anne-Marie Tellalis, EVC.
